

September 15, 2025

Dear Current and Prospective Students:

We are excited to report that we have taken proactive steps for American Institute to be directly owned by AI Education, Inc., a nonprofit corporation (the “Transition”). American Institute will remain owned by the same overall parent company following the Transition.

Importantly, this will not impact American Institute’s academic offerings, student services, financial aid, or day-to-day operations.

The Transition is anticipated to occur on or after December 15, 2025, pending necessary regulatory approvals.

This notice is intended to comply with 34 CFR § 600.20(g)(4).

Sincerely,

*Stephen Schwartz*

Stephen K. Schwartz, Senior Vice President, Ground Finance & Operations

American Institute
